tance Event

Friday's Professional Learning

Teachers will be work-
ing on technology and
the Collaborative In-
quiry process.

From the Desk of Miss Mac

Greetings Sageville families,

We are looking forward to our annual Albrecht Acres service trip with our 3rd-5th graders on Monday, May 2nd. Feel free to drop off your rakes and tarps in front of school over the weekend. Make sure they are marked. You can pick them up Monday afternoon. Your child should dress for the event (old clothes and shoes) and may bring garden gloves. Please apply sunscreen and we will do as needed. Please provide a sack lunch if you did not order one from the district.

We'll be assembling student class lists for 2016-17 school year and students will "fly up" to their new classroom on June 3rd. As we construct those class assignments, there are many variables which we consider as we strive for academic, social, and emotional balance within each classroom. We appreciate your trust in us to do this job with the knowledge we have of the many different facets of each child at each grade level as well as the various harmonies and dissonance that can be created when these individuals are combined together. The following outlines the procedure in which to do this: A request must be made in writ-

ing to the principal by May 6 for the following school year. These assignments must be based on: Strong academic concerns, serious social/emotional concerns, and/or a desire to have sibling, cousins, friends separated. Parent requests for specific teachers will be considered but are not guaranteed.

Next week we mark National Appreciation Week for Teachers. Sageville teachers are super heroes! Acknowledge your child's teacher with a special note or letter of thanks! We are very fortunate to have a dedicated professional staff at Sageville School. They go beyond superhero efforts every day to deliver the best to your children!

Sageville Yearbook orders are due on May 6th. If you've lost your form, just send a note in a sealed envelope with cash or check to Sageville PTC for \$13.00.

Grade 5 Invention Convention....Check it out on our school web site!

Mrs. Kaiser's Counselor Corner

During the week of April 25th – 29th I have been working with small groups. During my adoption group on Wednesday mornings we discussed common myths that society has on adoptive children. We then split into groups and played myth or fact; next Wednesday will be our last group and will end with sharing baby pictures and books. In my first grade teamwork groups we continued to concentrate on peer-pressure and how to be an upstander while in a group setting. Next week I will be in kindergarten thru second grade and our focus will be on transitioning to the next grade!

Tips for Parents:

As the weather gets warmer please remind your children on safety tips while outside. Copy and paste the link below to view pedestrian safety for big kids http://www.safekids.org/safetytips/field_age/big-kids-5-9-years/field_risks/pedestrian-safety

SAVE THE DATE:
Grade 5 Movie
Premier
