5:30 PM

*You'll get mailings
from school & district
over the summer!

Friday's Professional Learning

We will celebrate our
spring data and get
ready for fly-up!

From the Desk of Miss Mac

Greetings Sageville families,

When I think back to my first year as a principal, I went day to day. Things sure have changed as I fast-forward 30 years into administration. I never thought that I could feel as excited and proud at the end of the school year as I do this year. This one will certainly remain etched in my memory as very special. I've known the 5th graders since they were in 1st grade and I feel like an important person in the Sageville community. Parents, I hope you know how fortunate you are to have a staff like we do here. They care and respect your children and your families. They are honored to serve here everyday. Everyone that comes here to volunteer or substitute feel it too. They tell me all of the time.

A special thanks to our parent volunteers for assisting us on field day!

Everyday at the end of announcements, I always say joyfully, "It's a great day to be at Sageville!" Yesterday we met the students in the gym to celebrate being back together after the storm. I told everyone to do the Pledge of Allegiance and student pledge in the classroom. I hurried down to Mrs. Weiland's Kindergarten class for our morning meeting. After Luke led his class in the pledges, he said, "It's a great day to be at Sageville!" I was tickled to hear a student say it, too!

Our Sageville staff wishes you the very best over the upcoming summer months. Be safe and enjoy your time together. Encourage your child to complete the summer calendar and bring them back the first day of school. Many thanks to Kelli Buchenau for making these each month.

MAP DATA: Grades 2-5

% of Students Meeting Growth Last 2 Years

| | Math | | | Reading | | |
|-----------------------|------------|------------|--|---------------|---------------|------|
| | Math 14/15 | Math 15/16 | Math growth of students meeting their growth | Reading 14/15 | Reading 15/16 | |
| 2 nd Grade | 67.55 | 72.1 | 4.55 | 38.5 | 70.1 | 31.6 |
| 3 rd Grade | 48.4 | 78.2 | 29.8 | 43.8 | 65 | 21.2 |
| 4 th Grade | 70 | 75.5 | 5.5 | 48 | 68.6 | 20.6 |
| 5 th Grade | 34.7 | 73.2 | 38.5 | 58.5 | 81.15 | 22.6 |
| average increase | 19.5 | | | 24 | | |

We have made amazing growth this year! Great efforts with parent support, students owning their own learning, professional learning, our instructional coach working beside our staff with progress monitoring,, and all staff working towards student achievement.

Mrs. Kaiser's Counselor Corner

What a week! The month of June is weather awareness month and after the weekend we've had how appropriate would it be that you discuss with your child (ren) weather safety! Check out this great website:

<http://www.weatherwizkids.com/weather-safety.htm>

THUNDERSTORM SAFETY

Thunderstorm Watch - A thunderstorm is possible in the area you live in. Be prepared to move indoors.

Thunderstorm Warning - A thunderstorm is happening in the area you live in. You should be indoors at this time and away from windows.

During a Thunderstorm -

- If you hear thunder or see lightning move indoors immediately. Do NOT wait for the rain to begin.
- If you can not get inside a building, stay in your car. (Make sure all windows and doors are closed.)
- If you do not have a car, crouch down in an open area. Keep your feet together and cover your ears from thunder.
- Stay as far away from trees as you can.
- Stay out of ALL water. (It can conduct electricity.)
- Do NOT touch anything metal.
- Do NOT use a telephone with a cord. (Lightning could hit a phone line.)
- Do NOT use electrical equipment like appliances or computers.
- Wait at least 30 minutes after you last saw lightning or heard thunder before returning outside.
