Sageville Elementary Newsletter

November 10, 2016

From the desk of Miss Mac:

School attendance is very important. Your child is learning a new math skill or science concept! Your child goes from "learning to read" to "reading to learn!" They are learning to become independent, responsible and are continually learning to work with others! Please be aware that students who have more than three unexcused tardies will make up the time. Please send any doctor notes to school for your child's absences or you can have the doctor's office fax them to school (563-552-4300). Extended absences should be approved by the principal in advance. Thank you!

Many thanks to Mrs. Jenny Long and Mrs. Lori Streif for coaching volleyball. The students really enjoyed it. Stop by school next Thursday after school to watch the games.

First Trimester ends Wednesday, November 16th. Progress Reports will go home in a special envelope on Tuesday, November 22nd.

Friday Focus:

- Our focus this Friday is technology. We will have presentations on SeeSaw and Class Dojo. Teachers will have time to explore the potential use in their classrooms.

Amelia was excited to vote at school on Tuesday!

Counselor Corner...Mrs. Kaiser

During the week of November 7th – 11th I have been in third thru fifth grade with the focus on collaborative skills. In third grade students were broken into small groups, each group had a different task that they had to complete as a team. It was stressed that the goal was not to reach their goal but to show teamwork skills. In fourth and fifth grade, students were broken into small groups and had to stake their cups in a pyramid; but they could only use their rubber band pulley device to do so. Again, the goal was not to build the pyramid but to show good teamwork skills. Next week I will be working in small groups.
