School Devices

As we approach the end of the school year we are going to begin keeping student devices at school. Students will no longer be transporting their school iPad or laptop to and from school. This will help us know if any repairs are needing to be done or any parts need to be replaced. Student devices will stop going home on Fri Apr 30th. Please be sure to have your student bring their device, case and charger back to school on that day if they have not already done so. Students will still be using their devices at school.

Dismissal Update

We are continuing to work on refining protocols and procedures to accommodate students attending every day. A couple of reminders to make arrival and dismissal go a little more smoothly:

Dismissal – If you are picking up students in the 2nd-5th grade pick-up lane, please access the Table Mound parking lot by using **Brian/Jaeger Dr.** This will allow our buses and PK-1st vehicles to access Tower Dr. unimpeded.

"The mission of Table Mound Elementary School is to develop responsible, motivated, global citizens who meet the challenges of the future and rise to their greatest potential as life-long learners."
